MACRO HOMES GROUP HOME FISCAL COMPLIANCE ASSESSMENT AND CONTRACT COMPLIANCE REVIEW

The Department of Children and Family Services (DCFS) Contracts Administration Division (CAD) conducted a Fiscal Compliance Assessment and Contract Compliance Review of Macro Homes (the Group Home) in March 2015. The Group Home has one site located in the Fifth Supervisorial District and provides services to the County of Los Angeles DCFS placed children and youth. According to the Group Home's Program Statement, its stated purpose is "to provide a structured milieu that facilitates control of chronic problematic behavior and assists each child in dealing with the emotional issues that require out of home placement."

The Group Home has a 6-bed site and is licensed to serve a capacity of 6 female children, ages 6 through 17. At the time of the review, the Group Home served 6 DCFS placed youth. The placed children's overall average length of placement was one month and their average age was 15.

SUMMARY

CAD conducted a Fiscal Compliance Assessment which included an on-site review of the Group Home's financial records such as financial statements, bank statements, check register and personnel files to determine the Group Home's compliance with the terms, conditions and requirements of the Group Home contract, the Auditor-Controller Contract Accounting and Administration Handbook (A-C Handbook) and other applicable federal, State and County regulations and guidelines.

The Group Home was in full compliance with 4 of 5 areas of the Fiscal Compliance Assessment: Financial Overview; Loans, Advances and Investments; Board of Directors and Business Influence; and Payroll and Personnel.

CAD noted deficiencies in the area of: Cash/Expenditures, related to not maintaining a fixed asset inventory.

During CAD's Contract Compliance Review, the interviewed children generally reported feeling safe at the Group Home. There were several complaints about the care and services and several children reported not feeling comfortable in their environment and did not feel they were treated with respect and dignity. This will be noted in the scope of review.

The Group Home was in full compliance with 6 of 10 areas of CAD's Contract Compliance Review: Facility and Environment; Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medication; Discharged Children; and Personnel Records.

CAD noted deficiencies in the areas of: Licensure/Contract Requirements, related to the vehicle in which placed children are transported not being well maintained, Special Incident Reports (SIRs) were not submitted timely and Community Care Licensing (CCL) citations; Maintenance of Required Documentation and Service Delivery, related to the Group home not obtaining the DCFS Children's Social Worker's (CSW's) authorization to implement Needs and Services Plans (NSPs), the children not being assisted in maintaining important relationships and Initial and Updated NSPs not signed with the participation of the developmentally age-appropriate children; Personal Rights and Social/Emotional Well-Being, related to a child reporting not being treated with respect and dignity; and Personal Needs/Survival and Economic Well-Being, related to a child's clothing inventory not being of adequate quantity and quality.

Attached are the details of CAD's review.

REVIEW OF REPORT

On April 23, 2015, Leticia Foster, DCFS CAD and Mary Espinoza, DCFS Out-of-Home Care Management Division held an exit conference with the Group Home representative: Casey Zuniga, Macro Homes Administrator. The Group Home's representative agreed with the review findings and recommendations, was receptive to implementing systematic changes to improve compliance with regulatory standards and to address the noted deficiencies in a compliance Corrective Action Plan (CAP) and a Fiscal Corrective Action Plan (FCAP).

A copy of this compliance report has been sent to the A-C and CCL. The Group Home provided the attached approved CAP and FCAP addressing the recommendations noted in this report. On July 16, 2015, CAD conducted a follow-up visit to the Group Home to verify implementation of the compliance CAP. Effective September 17, 2015, the Group Home was placed on a "Hold" status due to an increasing number of CCL complaints, children reporting not feeling safe in their placements and inappropriate interactions between staff and the children. The "Hold" status progressed to a "Do Not Use" status on December 24, 2015, when the Group Home failed to take immediate action to address the concerns and did not submit a complete CAP for DCFS approval. All children were transitioned from the Group Home on January 25, 2016.

**MACRO HOMES GROUP HOME
CONTRACT COMPLIANCE REVIEW
FY 2014-2015**

SCOPE OF REVIEW

The following report is based on a “point in time” review. This compliance report addresses findings noted during the March 2015 review. The purpose of this review was to assess Macro Homes’ (the Group Home’s) compliance with its County contract and State regulations and included a review of the Group Home’s Program Statement as well as internal administrative policies and procedures. The compliance review covered the following 10 areas:

- Licensure/Contract Requirements,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Education and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social/Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For the purpose of this review, four placed children were selected for the sample. The Contracts Administration Division (CAD) interviewed each child and reviewed their case files to assess the care and services received. Additionally, three discharged children’s files were reviewed to assess the Group Home’s compliance with permanency efforts. At the time of the review, two placed children were prescribed psychotropic medication. Their case files were reviewed to assess for timeliness of Psychotropic Medication Authorizations and to confirm the required documentation of psychiatric monitoring.

CAD reviewed three staff files for compliance with Title 22 Regulations and County contract requirements. Site visits were conducted to assess the provision of quality of care and supervision.

CONTRACTUAL COMPLIANCE

CAD found the following areas out of compliance:

Licensure/Contract Requirements

- A vehicle was not maintained in good repair.

A vehicle in which the children are transported was not well maintained. The back center seats were torn and needed to be repaired. CAD brought this issue to the attention of the Group Home representative on April 2, 2015. The Group Home provided a photograph and receipt dated April 18, 2015, verifying the tears were repaired. CAD returned on July 16, 2015, to verify the vehicle was in good repair.

- Special Incident Reports (SIRs) were not submitted timely.

MACRO HOMES GROUP HOME CONTRACT COMPLIANCE REVIEW
PAGE 2

A review of 33 SIRs revealed that four were not timely submitted via the I-Track database. One SIR references an incident that occurred around Christmas Day and the SIR was submitted on January 6, 2015. A second SIR involved a child's expired Psychotropic Medication Authorization that expired on January 11, 2015 and the SIR was submitted on January 15, 2015. A third SIR involved assaultive behavior between two placed children and it was not submitted timely. A fourth SIR involved a child being late to class on March 18, 2015 and it was not reported until April 12, 2015.

During the exit conference, the Group Home representative stated staff will be trained on timeframes for submitting SIRs via the I-Track database. On July 28, 2015, the Group Home's facility manager trained the staff. On July 16, 2015, CAD compliance reviewed seven SIRs and verified that all SIRs were crossed-reported and submitted timely.

- Community Care Licensing (CCL) citation.

CCL cited the Group Home as a result of a complaint received on October 31, 2014. On November 6, 2014, CCL substantiated allegations of neglect/lack of supervision, where a staff member did not properly intervene during a fight between two children. CCL requested a Plan of Correction (POC) from the Group Home which included intervention and how to better protect clients. CCL also assessed a civil penalty of \$50 as a violation penalty per day until the correction is completed. The POC required the Group Home facility manager to meet with each staff individually to discuss the basics of Crisis Prevention Institute and proper procedures for de-escalation and the safety of staff and residents in the home. This incident did not lead to a Child Protection Hotline (CPH) referral. This complaint is currently under appeal with CCL.

Recommendations:

The Group Home's management shall ensure that:

1. All vehicles are maintained in good repair.
2. All SIRs are submitted timely.
3. The Group Home is in compliance with Title 22 Regulations and free of CCL citations.

Maintenance of Required Documentation and Service Delivery

- The Department of Children and Family Services (DCFS) Children's Social Worker's (CSW's) Authorization to Implement Needs and Services Plans (NSPs) was not obtained.

The Group Home did not obtain the DCFS CSWs' authorization to implement the NSPs for 2 of 3 NSPs reviewed. For one NSP, three attempts were made but one attempt was not timely. For another NSP, two attempts were made but one of the two attempts was not timely.

During the exit conference, the Group Home representative stated that staff will be directed to make at least three attempts and document the days when contact was made to the DCFS CSW requesting authorization to implement the NSP. On July 28, 2015 the Group Home administrator provided training to the staff on NSP timeframes for obtaining DCFS CSW's approval.

- A child was not assisted in maintaining important relationships.

The Group Home did not assist one child with maintaining important relationships; she did not have contact with her family and was not given the opportunity to be paired with a mentor.

At the exit conference, the Group Home representative stated that the DCFS CSW will be contacted to discuss family members that can be involved with the child. It was confirmed that the Group Home contacted the DCFS CSW to arrange visitation for the child. On July 16, 2015 during a follow-up visit CAD compliance reviewed another placed child's file and verified the child was assisted in maintaining a relationship with family members.

- Development of a timely Initial NSP was not completed with the child's participation.

The Group Home did not develop a timely NSP with the participation of the developmentally age-appropriate child in one of two sampled files. The NSP was due on March 2, 2015 and was not signed by the child.

- Development of a timely Updated NSP was not completed with the child's participation.

The Group Home did not develop a timely Updated NSP with the participation of the developmentally age-appropriate child in 1 of 1 Updated NSP reviewed. The NSP was due on March 20, 2015 and was not signed by the child.

During the exit conference, the Group Home representative stated that the Group Home will ensure staff is trained on NSP timeframes and protocols to ensure Initial and Updated NSPs are signed timely by all parties. On July 28, 2015, the Group Home administrator provided training to the staff on NSP timeframes for obtaining signatures.

On July 16, 2015, CAD made a follow-up visit to the Group Home and reviewed the most current Initial NSP to ensure it was signed timely with the participation of the age-appropriate child; no Updated NSPs were due.

Recommendations:

The Group Home's management shall ensure that:

4. DCFS CSW's authorization to implement NSPs is obtained.
5. Children are assisted in maintaining important relationships.
6. Initial NSPs are developed timely with child's participation.
7. Updated NSPs are developed timely with the child's participation.

Personal Rights and Social/Emotional Well-Being

- Staff do not treat children with respect and dignity.

One of four sampled children reported that comments were made about her appearance and she was not treated with respect and dignity.

During the exit conference, the Group Home representative stated that staff was counseled on not to make comments about the children's appearance and a cultural sensitive training will be provided to Group Home staff.

On July 16, 2015 CAD conducted a follow-up visit and confirmed that on May 12, 2015, the Group Home provided training to staff on various topics including: self-awareness, racial/cultural ethnic identification, perception, bridging the gap and the use of a diversity wheel.

Recommendations:

The Group Home's management shall ensure that:

8. Staff treats children with respect and dignity.

Personal Need/Survival and Economic Well-Being

- A child's clothing inventory was not adequate in quantity and quality.

One of four sampled children reported not having an adequate quantity and quality of clothing when initially placed in the Group Home. The child reported having the same outfit for one week and the same undergarment (bra) for two weeks. The child reported that she was given old clothes to wear from previous children that were placed in the Group Home. The child also reported that her Probation Officer purchased clothing for her because she only had sweats to wear to school. On April 8, 2015, CAD verified the child had sufficient clothing per guidelines.

During the exit conference, the Group Home representative stated the Group Home will meet the County's clothing requirements. On July 16, 2015, CAD compliance reviewed one newly placed child and verified that the child's clothing inventory was adequate in quantity and quality. The Group Home Administrator provided training on July 28, 2015 to the staff on the requirement to have an adequate clothing inventory during initial placement as well as on the clothing guidelines.

Recommendations:

The Group Home's management shall ensure that:

9. Children's clothing inventory is adequate in quantity and quality.

PRIOR YEAR FOLLOW-UP FROM DCFS OUT-OF-HOME CARE MANAGEMENT DIVISION'S (OHCMD) GROUP HOME CONTRACT COMPLIANCE REVIEW

OHCMD's last compliance report, dated June 16, 2014, identified 9 recommendations.

- The Group Home is in compliance with Title 22 Regulations and free of CCL citations.
- Children are treated with respect and dignity at all times.
- All children are provided with sufficient clothing to meet DCFS clothing standards for quantity and quality.

Recommendation:

The Group Home's management shall ensure that:

10. The outstanding recommendations from the prior report noted in this report as recommendations 2, 3, 8, and 9 are fully implemented.

At the exit conference, the Group Home's representative expressed their desire to remain in compliance with Title 22 Regulations and contract requirements.

CAD conducted a follow-up visit on July 16, 2015 and the Group Home had fully implemented 8 of 9 recommendations. The Group Home has not fully implemented having the night staff fax or e-mail the DCFS CSW to obtain the authorization for the implementation of the NSPs. The Group Home was advised to fully implement their procedures to comply with the recommendations in this report. This Group Home was placed on a Do Not Use status on December 24, 2015.
