Meet Nayeli and Jaime -- a pair of siblings who love to joke around with one another. Nayeli, born in 1997, loves animals and wants to be a veterinarian when she grows up. She also wants to help people and hopes to be able to work with children or with the elderly. Jaime, born in 1996, is interested in sports such as football and basketball and has a sense of adventure.

Between Nayeli's love of animals and Jaime's sense of adventure it seemed fitting to meet up with them at the stables at Griffith Park for an equestrian journey. From how to properly care for the horses to saddling up, we made sure Nayeli received expert safety instruction for their equestrian journey. Unfortunately, many kids in foster care lack such day-to-day guidance for their life's journey.

Both children enjoy listening to music, watching television, and relaxing at home. Talkative and outgoing, this dynamic duo is looking for a forever family that will provide a loving and fun home for them. "We want a family who will love us just as we are" added Jaime. Simply (but well) put, don't you think?

For this leg of their journey, we've got them covered and we're looking out for them. But as we ride along with Nayeli and Jaime we are looking to find that wonderful oasis all kids deserve -- a permanent and loving family to provide them guidance, support, and unconditional love.
