Athletes & Entertainers for Kids/9-1-1 for Kids is proud to present its award winning **Kathy Ireland Mentor Program for Single Teen Mothers** to over 50 Southern California teen mothers. We are celebrating our 15th year of matching professional businesswomen as mentors and role models to young teen mothers who have been tragically victimized by unwanted or unexpected pregnancies. The purpose of the event is to pair each teen mother with her yearlong mentor in order to give her guidance during this difficult time in her life.

Facts on Teen Pregnancy in the US

The United States has the highest teen pregnancy rate among developed countries. Close to 1 million teens become pregnant each year. Ninety-five percent of those pregnancies are unintended. About one-third will end in abortion; one-third will end in spontaneous miscarriage; and one-third will continue their pregnancy to term and keep their baby.

- Less than 40 percent of teen mothers finish high school.
- 1 in 4 teen mothers will have their second child within 2 years of the first one.
- Almost half of all teen mothers end up on welfare.

Program Objective

This program is devoted to providing invaluable information and support to each teen mother, while also helping to build self-esteem, create a positive self-image, and look toward a brighter future. Through the support and guidance of caring adults and mentors, we give teen mothers the means to make a powerful difference in their own lives, regardless of what is happening around them.

How You Can Help

We are currently recruiting teen mothers, mentors, volunteers, and donations for the event.

- **Help us recruit teen mothers (ages 12 to 19 years old) who would truly benefit from the program** (We will e-mail them an application & invite letter)
- **Become a Mentor Mom or help us recruit mentors** (We will e-mail you a mentor application & invite letter) *We ask that each mentor contact her mentee a minimum of once a month, via e-mail, phone or face-to-face. There is no monetary requirement to be involved, just a caring heart, which is the key to a successful mentoring relationship.*
- **Volunteer your time, help with set-up, etc.** (We will send you a volunteer application & invite letter)
- **Product and service donations** (Ask us for a list of ways you can help)
